The Ohio State University

Educator Preparation

The Ohio State University Educator Preparation Unit is made up of five colleges, six campuses and more than 50 programs that include initial licenses and professional licenses.

Report Overview

The Ohio Department of Higher Education gathers data annually from multiple sources to report the following performance metrics in the Educator Preparation Provider Performance Reports:

- Ohio Teacher Evaluation System Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Ohio Principal Evaluation System Results for for Ohio Principals Prepared by an Ohio Educator Preparation Provider
- Field and Clinical Experiences Required by Ohio Educator Preparation Provider Candidates
- Licensure Test Results for Ohio Educator Preparation Provider Program Completers
- Value-added Data for K-12 Students Taught by Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Demographic Information for Schools in Which Ohio Educator Preparation Provider-Prepared Teachers with Value-Added Data Serve
- Academic Measures Used to Inform Admissions Decisions at Ohio Educator Preparation Provider Programs
- Survey Results of Pre-Service Teacher Candidates Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Ohio Resident Educators Who Were Prepared by Ohio Educator Preparation Providers
- Survey Results of Ohio Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Mentors Serving Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Ohio Educator Preparation Provider National Accreditation Status
- Persistence in the Ohio Resident Educator Program of Teachers Who Were Prepared by Ohio Educator Preparation Providers

Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers
Prepared by an Ohio Educator Preparation Provider at Ohio State University

Reporting Period from Sept 1, 2020 to Aug 31, 2021
(Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2018, 2019, 2020 and 2021.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

**Ohio Principal Evaluation System (OPES) Results for Individuals
Completing Principal Preparation Programs at Ohio State University**

Reporting Period from Sept 1, 2020 to Aug 31, 2021
(Data Source: Ohio Department of Education)

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2017, 2018, 2019 and 2020.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

Field and Clinical Experiences for Candidates at Ohio State University

Reporting Period from Sept 1, 2020 to Aug 31, 2021

(Data Source: Ohio State University)

Description of Data:

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	N
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	510
Average number of weeks required to teach full-time within the student teaching experience at the institution	14
Percentage of teacher candidates who satisfactorily completed student teaching	98.87%

Principal Preparation Programs	
Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	26
Number of candidates who started internship	38
Number of candidates who completed internship	38
Percentage of principal candidates who satisfactorily completed internship	100%

Ohio Educator Licensure Examination Pass Rates at Ohio State University

Reporting Period from Sept 1, 2019 to Aug 31, 2020
(Data Source: USDOE Title II Report)

Description of Data:

Ohio educator licensure requirements include passage of all requisite licensure examinations at the state determined cut score. The reported results reflect Title II data, and therefore represent pass rate data solely for initial licenses. Further, because the data are gathered from the Title II reports, there is a one-year lag in accessing the data. Teacher licensure pass rate data are the only reported metric for which the data do not reflect the reporting year 2020-2021.

As of 2013, the Ohio Assessments for Educators replaced the Praxis subject assessments for initial licensure. Some Praxis II assessments are still being reported because recent program completers took those tests in or before 2013.

Ohio Principal Licensure Examination Pass Rates at Ohio State University

Reporting Period from Sept 1, 2020 to Aug 31, 2021
(Data Source: Ohio State University)

Description of Data:

Ohio requires that principal candidates pass the requisite state examination to be recommended for licensure. The 2019-2020 program completer pass rates are reported by each Ohio educator preparation provider.

**Value-Added Data for Students Taught by Teachers Prepared by
Ohio Educator Preparation Providers at Ohio State University**

Reporting Period from Sept 1, 2020 to Aug 31, 2021

Description of Data:

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2017, 2018, 2019 and 2020.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

Pre-Service Teacher Survey Results

Reporting Period from Sept 1, 2020 to Aug 31, 2021

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 2,514 respondents completed the survey statewide for a response rate of 51.6 percent.

Ohio State University Survey Response Rate = 30.31%

Statewide Survey of Ohio Resident Educators'
Reflections on their Educator Preparation Program

Reporting Period from Sept 1, 2020 to Aug 31, 2021

Description of Data:

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program. A total of 456 respondents completed the survey statewide for a response rate of 12.5 percent.

National Accreditation Status

Reporting Period from Sept 1, 2020 to Aug 31, 2021
(Data Source: Ohio Department of Higher Education)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2020 to Aug 31, 2021
(Data Source: Ohio State University)

Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Preparation Programs

Initiative:	Career Readiness Plan
Purpose:	Improve candidate preparation for the job market
Goal:	The career readiness plan is being developed in response to feedback from superintendents and HR Directors in hiring districts in Ohio. Superintendents in Residence in the College of Education and Human Ecology (EHE) presented to faculty members 9/18/2020 what they were looking for in preservice tea
Number of Participants:	400
Strategy:	These areas of focus were aligned with the career readiness competencies to identify when and in what contest preservice teachers were practicing these skills. A master CarmenCanvas course shell was created with specific assignments and resources for programs across EHE to import into their own courses. This supports consistency across programs, use of high-quality materials, and use of materials and assignments that are aligned with career readiness competencies in a way that scaffolds teacher candidate development. Career readiness competencies and the development of these skills will be the area of focus of the career readiness plan. The competencies are critical thinking, leadership, communications, professionalism, teamwork, career management, technology, and global fluency. The program is grounded in the framework in competencies Critical thinking Leadership Communication Professionalism Teamwork Career Management
Demonstration of Impact:	Data measuring outcomes and impact of the program will be available at the end of the 2022-23 academic year as we wish to have a group of students go through the last two years of the program to assess success or areas of improvement.
External Recognition:	None at this time
Programs:	All initial licensure programs

Initiative:	Director of Recruitment, Mentoring, and Retention
Purpose:	Increase recruitment and retention of preservice teachers of color
Goal:	The focus for the 20-21 academic year was to assess the challenges and barriers experiences by BIPOC students in teacher education programs, as well as identify percentages of BIPOC students enrolled in teacher education programs in the EPP. Data analyses reveal 1) a stagnant number of BIPOC preserv
Strategy:	The candidate is expected to provide expertise and leadership to the Department of Teaching and Learning in four key areas: recruiting and supporting BIPOC students in conjunction with the Office of Academic Affairs, particularly at the undergraduate-level across initial licensure programs in K-12 education; creating innovative learning, mentoring, and teaching experiences to best support and sustain BIPOC teacher candidates once they are admitted; teaching courses in the teacher education program(s) and conducting and disseminating research on these practices. The Director of RMRDSJ will oversee a recruitment and support program for cohorts of BIPOC students throughout their teacher education major; support initiatives for those interested in becoming anti-racist, culturally- and linguistically-responsive public school teachers; serve as a key liaison between the Department of Teaching & Learning and the College of Education and Human Ecology Academic Affairs and the Office of Equity, Diversity and Global Engagement.

Principal Preparation Programs

Initiative:	Curriculum Improvement – Evolving Role of the 21st
Goal:	Revise principal licensure curriculum to better address and align the evolving role of the principal. These continuous improvement measures will align with survey data points from program completers and employers, as well as focus group feedback.
Number of Participants:	30
Strategy:	Recent data gathered from program graduates currently employed in administrative positions and employers suggest there is a greater need for principals to possess the knowledge and skills to lead staff in addressing social emotional needs of students and culturally responsive practices. Based on this premise, the program faculty engaged in a comprehensive review of the curriculum resulting in adding new required courses that focus on culturally responsive leadership and social emotional learning of students.
Demonstration of Impact:	Curricular changes went into effect in the autumn of 2021. Data from graduates will be gathered during the 2022-21 year to determine the impact of these changes.
External Recognition:	None at this time

Initiative:	Principal Licensure On-Boarding Support
Goal:	Initiate a mentoring program for new principal licensure program graduates who are actively seeking or have recently obtained an administrative position by pairing these individuals with program graduates who have been successfully working in administrative positions for one or more years. Initial p
Number of Participants:	10
Strategy:	Identify principal licensure program completers who have been working in administrative positions for a minimum of one year who are willing to serve as mentor/support for program graduates who are seeking or recently obtained an administrative position. We will pair practicing and aspiring leaders for support and mentorship. Mentoring materials suggesting strategies for support and mentoring will be provided to the mentors. Materials will provide ways to support mentees, provide clear benchmarks to assess progress, and provide opportunities to seek additional professional development opportunities.
Demonstration of Impact:	Data measuring outcomes and impact of the program will be available at the end of 2022-23.
External Recognition:	Consideration of recognition can occur once implemented.
